We understand the importance of safety in the home, especially for those with young children and pets. That's why all Luxaflex Window Fashions are designed with safety in mind and are compliant with the latest ACCC Child Safety Regulations to ensure they can be operated in a safe manner.

# 20% discount off Manufacturer's List Price. Excludes installation and motorisation. Not available in conjunction with any other offer. Offer starts on 12/01/2018 and ends on 27/02/2018. Conditions apply, see in-store or visit [luxaflex.com.au](http://luxaflex.com.au) for details. + Results based on a single storey, brick veneer home on a concrete slab using ducted air-conditioning and equally distributed windows with Evo Awnings installed with Canvas fabric. Based on independent modelling conducted by White Box Technologies in conjunction with Peter Lyons & Associates June 2013. ^ Savings are based on the installation of fully-recessed, reveal-mounted Duette Architella 20mm Blockout Fabric Shades in an average home in Sydney, compared with the House Energy Rating standard of Holland Blinds from AccuRate in that home. These calculations have been modelled by an independent third party. Savings will vary based on the window type and installation. \* All Luxaflex Products that are installed correctly will comply with the Trade Practices (Consumer Product Safety Standard – Corded Internal Window Coverings) Amendment Regulations 2010 (No.1). © Registered Trade Marks of Hunter Douglas. © Copyright 2017 Hunter Douglas Limited [ABN 98 009 675 709]. ### DURABLE AND STYLISH

PolySatin Shutters are the modern alternative to wooden shutters and are virtually maintenance free. Made in Australia from a polyresin compound, the shutters are designed for strength and durability and will not blister, peel, flake, corrode or fade and will never need painting, making them suitable for inside and outside the home.
